SCHOOL PLANS ARE APPROVED BY THE BOARD

Architect's Plans for New High School Building Inspected.

IN SPECIAL SESSION

Are Shown Just How Building Will Appear When Completed.

The entire approval of the board of education was given the plans for the proposed new high school building when they carefully inspected them in called session Thursday evening. The plans were submitted just before the meeting hour by Architect C. F. Owsley, of Youngstown, but the specifications have not yet arrived.

That the new structure will be a magnificent and at the same time a thoroughly practical and entirely adequate addition to Salem's eduactional facilities is very evident from an examination of the plans and perspectives, which show in the most complete detail just how the building will be constructed and how it will appear when completed, in its commanding position on Garfield avenue.

Those who visit the new building on its completion will enter the structure through a wide entrance leading into the main foyer, which opens in turn into the main auditorium, capable of seating over 900 persons in main floor and gallery, with modern stage and dressing room equipment and all other needful facilities for

IMPORTERS OF DRYGOODS FAIL; DEBT $1,250,000

(By Associated Press to News.)

New York, July 24.—Boessneck, Broesel & Co., importers of and dealers in dry goods, made an assignment today. Liabilities total about $1,250,000, with assets in excess of that amount.

STROKE FATAL TO WILLIAM T. WRIGHT

William T. Wright, almost a lifelong resident of Salem and one of its best known citizens, died in his fifty-fourth year at the home on Wilson street at 4:30 Thursday afternoon, less than a day after having been stricken with paralysis late Wednesday evening. He never rallied from the stroke, and passed away without regaining consciousness.

The deceased was born October 8, 1860, near New Middleton, a son of Benjamin F. and Mary E. Wright, and very early in life removed to this city, where he had lived since then. He was a painter and cabinet maker by trade, and had followed these vocations through his life, being employed at a number of the shops in

(Continued on Eighth Page.)

FINISH INSPECTION OF AUDITOR'S BOOKS

Lisbon, July 24.—Ray McFarland, inspector from the bureau of inspection at Columbus, who has been engaged here for the past three months going over the books anl accounts of the county officers, completed his work this morning and left for Portage county, where, with Mr. Householder, his co-worker, he will begin work in the courthouse there.

For the past three weeks Mr. McFarland has been working on the books and reports of Auditor Crooks, and he and Mr. Householder will return here on July 30 for the trial of the case brought against Crooks by Prosecutor Vodrey, on July 13, asking for his removal from office.

United States Steel corporation paid $207,206,175 in wages last year.

Four Children Cremated When Home Is Burned

(By Associated Press to News.)

Taylor, Wis., July 24.—Four children of Richard Roberts were burned to death today when the house caught fire while their father, who is a widower, was absent. The eldest boy was 12 years of age, the youngest three.

$100,000 FIRE AT DE GRAFF

(By Associated Press to News.)

Bellefontaine, July 24.—Fire practically wiped out the business section of De Graff, a village in Logan county, early today with a loss of $100,000.

PLAN SURVEY OF LINCOLN HIGHWAY THRU THIS COUNTY

Lisbon, July 24.—The county commissioners, upon their return from Salineville Thursday evening, where they had attended to road matters all day, passed resolutions providing for the survey of the Lincoln highway through this county from East Liverpool through Lisbon to the western border of the county.

The resolution was drawn up by Prosecutor Vodrey and as soon as passed it was forwarded to State Highway Commissioner Marker, asking that the state highway department make the survey and that profiles be made and estimates submitted.

The Lincoln highway, known as Market Road No. 3, passes through St. Clair, Madison, Elkrun, Center, Hanover and West townships, and every one of these townships has passed resolutions and begun the improvement of the highway. Columbiana county will pay one-half of the expense of the state survey if it is ordered made by the state highway commissioner.

SECOND CHAUTAUQUA BALLOON NOT FOUND

According to reports early Friday afternoon, just before the opening of Salem's second chautauqua on the Columbia street school grounds, no one had located the hot air balloon sent up from the grounds Thursday evening with a card attached which will entitle the finder to a free season ticket to the chautauqua, which will continue each afternoon and evening for six days. It drifted rapidly eastward a distance estimated at from two to three miles.

The opening attraction Friday afternoon in the big tent which reached the city Thursday and was pitched Friday forenoon by local volunteers, were the Conservatory Players, a musical aggregation of merit, and Dr. J. T. McCrory, lecturing on "We, the People." Friday evening Dr. McCrory will speak on "Four Young Fellows," the Conservatory Players will again contribute the musical part of the program, and George C. Crowe will give a Panama-Pacific stereopticon lecture.

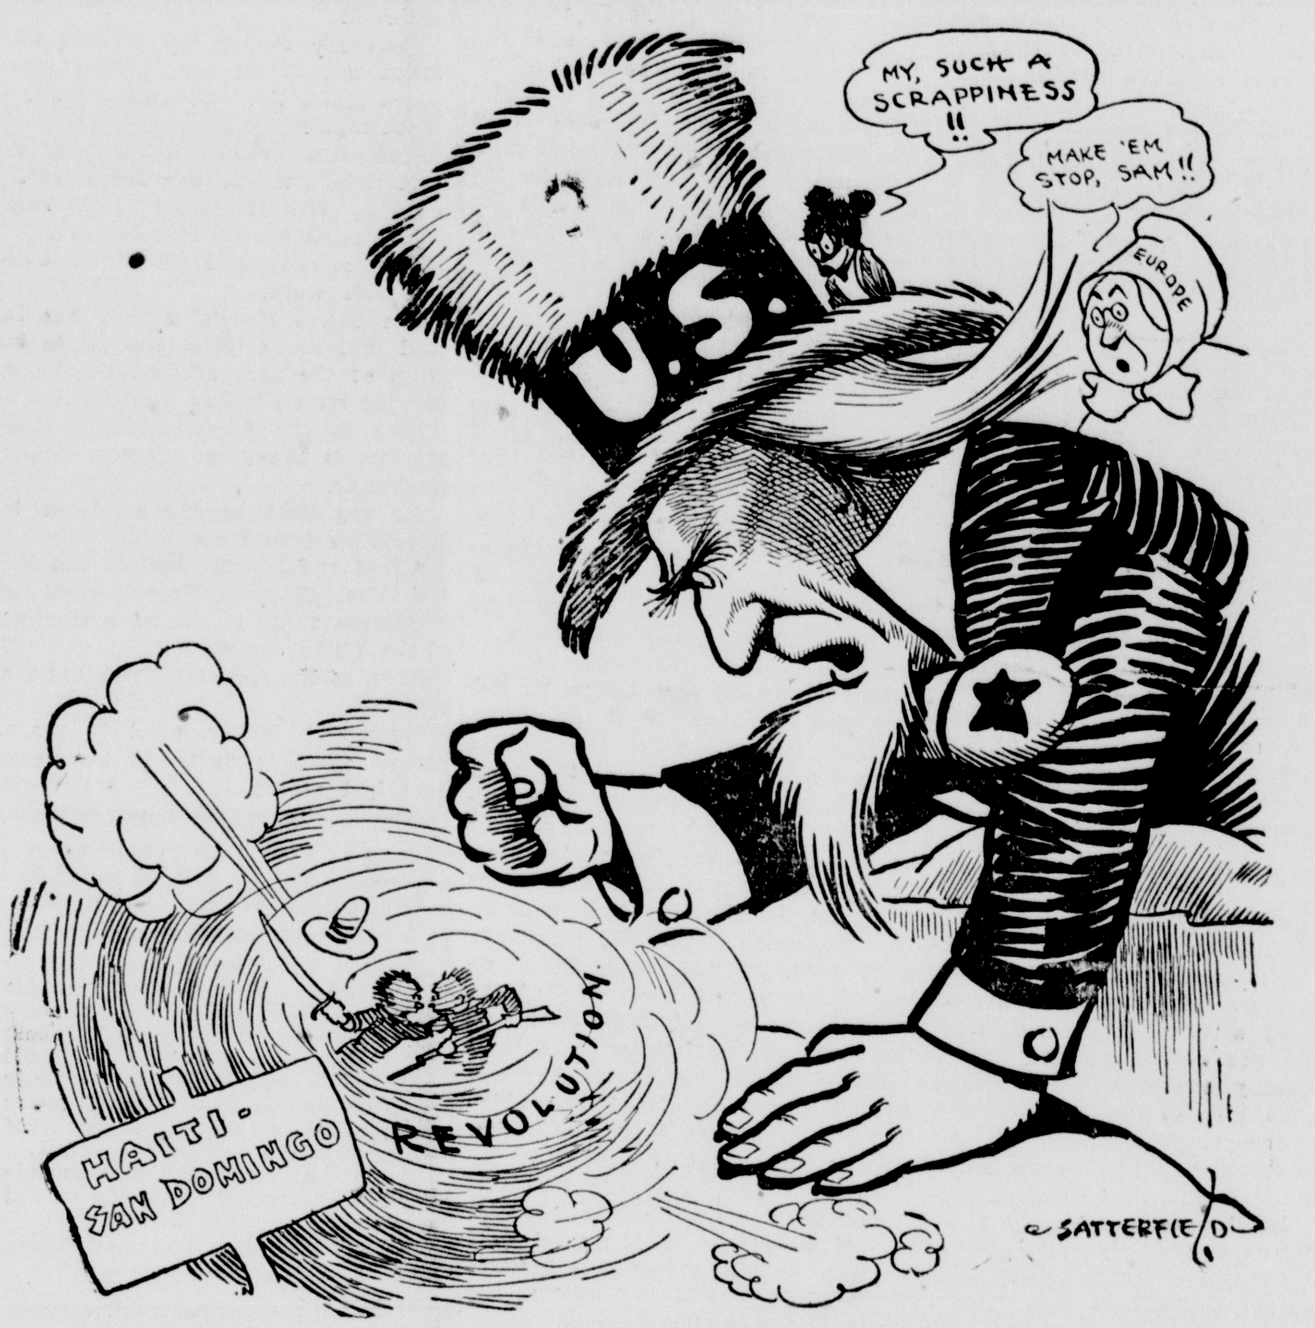
While it is impossible to ascertain the matter definitely, it is believed that approximately 1,000 season tickets have been sold.

SCHOOL ROOMS WILL GET TOUCH OF PAINT

A. W. Stiver was favored by the board of education Thursday evening in being awarded the contract for painting and varnishing work in the various school buildings of the city before the opening of the sessions in September. The entire contract amounts to $102.64, and the work to be done consists chiefly of painting the walls and ceiling of the biological laboratory at the Fourth street building; painting the office and lower hall at Columbia street; finishing one room at the Prospect street school, and glazing a number of windows.

One-half the population of France is engaged in agriculture.

CUT IT OUT!



ASK LIMITED CAR FROM ALLIANCE TO CLEVELAND

Citizens of Salem, Alliance, Sebring, Maximo and Louisville and the traveling public in general are uniting in the presentation of a petition addressed to C. R. Morley, president of the Stark Electric Railway company, asking that he establish limited service from Alliance to Cleveland and return over the lines controlled by the Stark Electric interests.

The petition has just been circulated here and in the other cities mentioned, and has been very freely signed by manufacturers, business men and other prominent citizens. It is suggested that the schedule be arranged so that the limited car would connect with the Stark Electric cars at 7 a. m., thus making it possible for passengers east and west to reach Cleveland about 9:30.

This would give the greater part of the forenoon for business and other pursuits. The car from Cleveland, the petition suggests could leave after the afternoon theaters were over, and give the business man plenty of time to attend to matters claiming his attention in the Sixth City.

THREE PAINFULLY HURT IN ACCIDENTS

Mrs. Lizzie Harris, who resides on the Depot road, sustained painful injuries Wednesday morning when she fell down stairs head first, cutting her head and face. She is reported to be getting along very well.

On the same day in the afternoon her brother, Jacob Phillis, son of George Phillis, of the Depot road, fell out of the haymow, and while the injuries he sustained were not serious, they were very painful and required the services of a physician.

Lisbon, July 24.—John Mike, an Italian employe at the American sewer pipe plant here, had the end of the second finger of his left hand torn off while at work Thursday. He was pulling a piece of clay from between the pan room floor, when he caught his finger between the piece of clay and the boards of the floor. A physician was compelled to amputate the finger at the first joint.

LOCAL WEATHER FORECAST.

Prepared by H. W. Weisgerber from observations taken on instruments at the Buckeye Engine Co. office.

Local thunder showers tonight; fair and cooler Saturday.

EUROPEAN POWERS FEAR GRAVE COMPLICATIONS; ULTIMATUM TO SERVIA

(By Associated Press to News.)

Berlin, July 24.—Grave possibilities are connected with a strong Austrian note to Servia, which virtually took the form of an ultimatum demanding the suppression of the Pan-Servian movement and the punishment of those concerned in the assassination of Archduke Ferdinand.

It is realized that further serious developments in Austro-Servia are inevitable unless Servia complies with the Austrian demands. It is believed that the Servians will yield, unless assured of outside support, and for that reason eyes today turned less toward Belgrade than St. Petersburg, where a council of ministers is expected to settle the question of peace or war.

It is pointed out that, should Russia take part against Austria, Germany is fully prepared to draw sword in behalf of her ally, in accordance with triple alliance of Germany, Austria and Italy. The stock market broke badly under the fear of general European complications.

F. L. STEWERT WILL SUPERINTEND HIGH SCHOOL BUILDING

The position of superintendent of construction of the proposed new high school building was established by the board of education, in called session Thursday evening, and F. L. Stewart, whose name was one of the four certified by the civil service commission as eligible to appointment, was given the position, at a salary of $4 per day, his duties to begin as soon as actual work is begun on the site of the new structure on Garfield avenue.

Official certification was at once made by Clerk Hayes, of the board, to the civil service commission, and the appointment was thus confirmed. The selection of the board members automatically creates a vacancy on the commission, since Mr. Stewart will of necessity resign as a member of the latter body as soon as his new work begins. Mayor Johnson was out of the city Friday, so that nothing could be learned as to his probable successor.

I. O. O. F. Plans Big Time.

A "grand opening" is being planned by members of Amity lodge No. 124, I. O. O. F., to be held on Thursday evening, August 6, when they will have a special social session, planned chiefly for a revival of interest on the part of those who have been but casually in attendance for some time past, and a special effort will be made to have every member present, if possible. The social committee is now arranging for an entertaining program.

BELIEVES MEMBERS SHOULD HAVE SAY ABOUT CLUB MATTERS

Editor Salem News: The receipt of a communication from the secretary of the Salem Country Club Co. by members of that corporation Thursday morning I hope attracted their attention to the necessity for some action on the part of the membership of this club as a whole—not next March at the time of the next annual meeting, but right now at a special meeting, which can be and should be called as provided in the constitution.

According to the secretary's advice to the several hundred members interested, the board of directors has recently, first, revoked "the privilege of granting sites for cottages as provided for in section 1 of article XI of the ground rules," and, second, has repealed section 6 of article II of the ground rules, which reads "A resident of Salem who is not a member will have the privilege of visiting the club grounds one day a season upon invitation of a member." The

(Continued on Second Page.)

Wedding Date Announced.

Wednesday, August 26, is the date chosen by Miss Nellie Cook for her marriage to Dillwyn Stratton, of Winona, which will be celebrated at the Wilbur Friends church on East Sixth street. The bride-elect is the daughter of Mr. and Mrs. A. G. Cook, of Lincoln avenue. She has been a prominent business woman of this city. Mr. Stratton is a well-to-do farmer and well known in this city and vicinity.

BOLTS STRIKE MANY BARNS AND HOUSES

Cattle and Season's Crops Lost in Electrical Storm

SOUTH OF SALEM

Lisbon Woman is Rendered Unconscious as Bolt Strikes Home.

Lisbon, July 24.—A damaging electrical storm passed over this vicinity about 9 o'clock Thursday evening, which was accompanied by a heavy downpour of rain, following one of the most sultry days this season.

A bolt of lightning struck the chimney on the David Williams property on West Water street, which is occupied by Lon Boring and family, tore the chimney to pieces down to the first floor, where it changed its course and tore the plastering from the hall and parlor. Mrs. Boring, who was seated in a chair in the dining room preparing a child for bed, was knocked from the chair and rendered unconscious, and for a time her husband thought she was dead. He carried her to the home of her mother, Mrs. McGoogan, near by, and it was some time before she regained consciousness, and she has not yet recovered from the shock. Other members of the family were not injured, the children being in bed and asleep.

The damage to the house is considerable, and the household furniture is almost ruined with soot and plaster, which covers everything.

A barn on the farm of Elmer Hassler, four miles south of Lisbon, in Center township, was struck and burned to the ground, entailing a loss of $1,400. It is about two-thirds covered by insurance. Two cows which were sheltered in the barn were burned to death. The barn contained considerable new hay, grain, and a lot of farm machinery.

A bolt came in on the telephone wire at the residence of Chris Bick, just north of Lisbon, and tore the telephone from the wall, and going out through the wall followed the porch to the roof and tore off a lot of slate. A lighted lamp that was placed on a stand was knocked from

(Continued on Fourth Page.)

LABOR CLAIMS OF $700 ARE SOUGHT

Until late Friday afternoon a jury was still listening, in the court of Justice L. B. Harris, to the trial of a suit for labor claims and materials, in the gross sum of approximately $700, brought by Scott Van Dyke, of Butler county, Pennsylvania, against L. H. Farquhar, George Brickman, Frank Allen, George Allison and J. G. Bradon. Brickman, Allen and Allison are local men, while Bradon was superintendent of construction on the City hospital building. The trouble arose over the drilling of a well in Butler county, Pennsylvania, where tools were lost and much time and labor lost, for which the plaintiff seeks to recover.

MOORE ARRANGING TO BEGIN NEW DUTIES

Lisbon, July 24.—Prot. John W. Moore, the newly elected superintendent of rural schools in Columbiana county, came here from Youngstown this morning to arrange with the county commissioners for taking up the work of his office on Saturday, August 1.

It is the duty of the board of commissioners to provide an office for Superintendent Moore, and, as there are no available offices in the courthouse, it will be necessary to secure permanent headquarters for him in some other building. This was done by the commissioners for the county liquor board. They have as yet taken no steps toward securing a location for the school office, and for the present Superintendent Moore will be located in the office of the county commissioners.

He is arranging to move his family from Youngstown as soon as he can secure a desirable house.

Entered at Salem Postoffice as Second-Class Matter.

The enterprising little city of East Palestine, to the east of us, is waging a commendable campaign to establish a public playgrounds for its children. The movement is particularly commendable for a town the size of East Palestine, and if it succeeds—we never heard of East Palestine ever failing when it comes to progressive movements—it can boast of one civic enterprise that neighboring cities of four and five times its size have failed or neglected to establish. It is proceeding in this campaign on the plea that "unless the child's play energy is directed right, we must blame ourselves if it goes wrong," a sensible and logical view of the situation. Salem needs a playground for its boys and girls and its duty in providing one should not be neglected much longer. There is ample space at the Centennial park grounds for a playground and an enterprising campaign such as East Palestine is conducting would undoubtedly raise sufficient funds to equip it.

Business men of this and neighboring cities have petitioned the Stark Electric company for limited car service between Alliance and Cleveland not as a rebuke to the Pennsylvania Railroad company for removing some of its best trains from the schedule, but in order to secure good service to the Sixth City. It means that the Stark Electric will secure the patronage of the large number of business men and manufacturers who signed the petition, as well as hundreds of other citizens in the various towns who go to Cleveland frequently on pleasure trips. The interurban company should appreciate the business that will result and bear in mind also the fact that it is in business to serve the people.

Ohio wheat farmers have lost an average of $42, each, a year by the slump in the price of wheat since the Republican party went out of power. All the Ohio wheat farmers put together have lost $5,775,000 a year. Recent hot debates in the house of representatives led to an investigation of wheat prices. The results of this investigation are now given out for the first time. The figures given are right up to July 1. They reveal a slump of 15 cents a bushel in wheat prices since Republican times. The figures show the average wheat farmer throughout the country has lost $95 a year.

Whitacre and Cox are accusing each other of not being a true Democrat. Inasmuch as the next governor of Ohio will be a Republican, this is not a very important question. The point against Governor Cox is not that he is not a Democrat, but that he is not a democrat. Ast to his loyalty or otherwise to the Democratic party, Republicans don't care a rap. But Republicans, as all other citizens, are interested in the fact that his policies are not democratic—that is, government by the common people—but autocratic—that is, government by the man.

Hot Days

By Walt Mason

The summer is here among us, thermometers swell, and burst; the weather man oft has stung us, and now he has done his worst. The sky is like brass at present, the sky that was lately blue—but off where it's cool and pleasant they're having their troubles, too! The breezes that come a-shovin' their way through the sweating town, seem fresh from a red hot oven, all baked to a luscious brown; and so, in despairing legions, we simmer and steam and stew—but up in the arctic regions they're having their troubles, too! We sigh for the ocean breezes, we sigh for the snow-capped hills, we long for the forest tresses, the lakes or the rippling rills; our mouths are becoming fountains of words of a rich, dark blue—but off in the woods and mountains they're having their troubles, too! We're cussing around together, we say that the climate's bad; but, listen! it isn't weather that maketh man gay or sad! Let's dig up a better topic than weather that's gone askew, and e'en though the summer's tropic, we'll all have our pleasures, too!

OFFICER, IN DRUNKEN BRAWL, QUITS FORCE

East Palestine, July 24.—Police protection of the highest possible efficiency is to be afforded to East Palestine residents, according to plans that are being formulated by the city council and Mayor H. A. Shafer. The resignation of Night Policeman Endicott following his alleged participation in a drunken brawl, has been accepted by Mayor Shafer. Endicott's successor has not yet been named.

It may be necessary to increase the force of policemen as well as equip them with regulation costumes, such as are worn by both Lisbon and Leetonia forces.

BELIEVES CLUB MEMBERS SHOULD HAVE SAY

(Continued from First Page.)

board further threatens to revoke section 4 of article II, which reads: "Any woman from this city, when accompanied by a stockholder, shall have all privileges of the grounds. Member's family cannot take a woman from this city to the grounds who has not the privilege herself." It will also be recalled that this same board caused to be published in the newspapers on the evening of July 3 notice that only members and their immediate families could visit the grounds and enjoy the events the following day, in spite of the fact that section 6 of article II of the ground rules had NOT been repealed at that time.

Doubtless the board can offer apparently good reasons for its recent somewhat autocratic activity, but as a member I contend first, that it was acting wholly beyond its constitutional authority to arbitrarily forbid the erection of any more cottages, and second, that if it is held that the board was wholly within its constitutional rights in taking such action, then the members as a whole have been entirely too careless of their rights in extending such absolute power to any committee of members. Such absolute power cannot be restricted too soon if the best interests of the club are to be conserved. With equal "authority" the directors could by adopting or amending certain of the ground rules inflict all kinds of objectionable restrictions on the members, such as forbidding bathing except at a certain hour one day a week, or restricting boating to two or three boats at a time on the lake. I am not charging that the present directors WOULD, but merely pointing out the unfortunate fact that they COULD.

In the final analysis the decision as to whether the club should or should not permit the erection of cottages on its grounds must come as a matter of opinion, and majority opinion should govern—not the opinion of fifteen men, however unanimous they may be or however logically they may feel that they arrived at their decision. There is plenty of room for argument on this question, and it is a matter which should be decided by a majority of the membership, and I would say a two-third majority at that.

I am told that section 6 of article II of the ground rules was revoked because a few certain members had abused that privilege. This means, therefore, that all the remaining large number of members who have not abused such privilege must suffer this restriction because the board knew no other way to cope with the situation. Hardly just, is it?

R. B. T.

A Bank is a Necessity

SOME people think of a bank as a luxury, but a well regulated established bank is really a necessity for every person who desires to get along in the world. It keeps your money safe and pays interest on your savings and other idle funds thereby enabling you to reap a profit from the use of money. This bank invites your account either subject to check or on interest.

FRECKLES

Sun and Wind Bring Out Ugly Spots, How to Remove Easily.

Here's a chance Miss Freckle-face to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength from Frank Floding and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength othine as this is the prescription sold under guarantee of money back if it fails to remove freckles.

ROBERT POLLOCK HEIRS INVOLVED IN LITIGATION

Lisbon, July 24.—The heirs of Robert R. Pollock, a well-known Center township farmer, whose death occurred about a year ago, are involved in litigation over the settlement of the estate.

Several weeks ago Laura V. Pollock, the administrator of the estate, filed an application in the probate court for authority to sell the home farm in Center township, representing that it would be necessary to do so in order to satisfy the indebtedness of the estate. The application was set for hearing before Judge Farr yesterday, when Olive S. Summers, a daughter of the deceased, appeared to contest the sale of the farm on the ground that the sale of the same was not necessary.

Mrs. Summers claims that there is a promissory note for $1,500 which was found among the papers in her father's estate, but Mrs. Ella M. Pollock, the widow, contends that this is her personal property and not a part of the estate. It is also claimed by Mrs. Summers that her brother, James K. Pollock, is indebted to the estate, and that if the amount owing from him were collected there would be no need to sell the farm.

Judge Farr heard the evidence in the matter, calling all of the heirs to the witness stand, and has taken the matter under advisement for a few days before passing upon it.

Mrs. Summers has now filed a motion in the court asking that her sister be removed from the administratorship of her father's estate, on the grounds of alleged misconduct. She states to the court in the motion that she has failed to collect certain indebtedness due to the estate, and has entered into coalition with her mother and brother to divert certain parts of the estate. Judge Farr has not yet fixed a time for the hearing of the motion.

Alliance—Dr. Van Buskirk, of the engineering department of the state board of health, visited the filtration plant in this city Wednesday and expressed himself as well pleased with the plant.

Why you should own a Sandusky Power or Electric Washer

Because the Sandusky is a labor saver, a time saver, a money saver and better than all a health saver. While washing you can wring from rinse water to blueing, and from blueing to the basket. This is possible by our patent adjustable wringer.

Anyone in the market for a gasoline engine power washer will find the Sandusky the best on the market. Also equipped with electric motor. Price $25. With electric attachment $48.00.

S. D. Whinery

How Famous Actresses Banish Superfluous Hair

BETTY LORRAINE, the popular actress who has scored such a great success in "The Little Parisienne" and other comedies writes: "Theatrical women are now using a remarkable prescription that quickly removes all trace of unsightly hair growth without injury to the skin. It is Mrs. Osgood's Wonder. It acts like magic and is absolutely harmless. Unlike the electric needle, it can be used with perfect safety. Unlike evil-smelling delipatories, it doesn't burn the skin. It has solved the problem for me."

Mrs. Osgood's Wonder which Miss Lorraine so heartily endorses is sold by Bolger & French and other up-to-date drug or department stores. It costs but little, bct it is worth its weight in gold to those suffering from unsightly hair growths. Signed Money-Back guarantee in every package.

Cleveland—Albert Triebel, professional bike rider, has arrived in this city to compete for the racing prize money offered at Luna park.

Salem public library open daily from 10 a. m. to 8 p. m.; Saturday from 10 a. m. to 9 p. m.

TWO STATES HAVE MORE AUTOMOBILES THAN OHIO

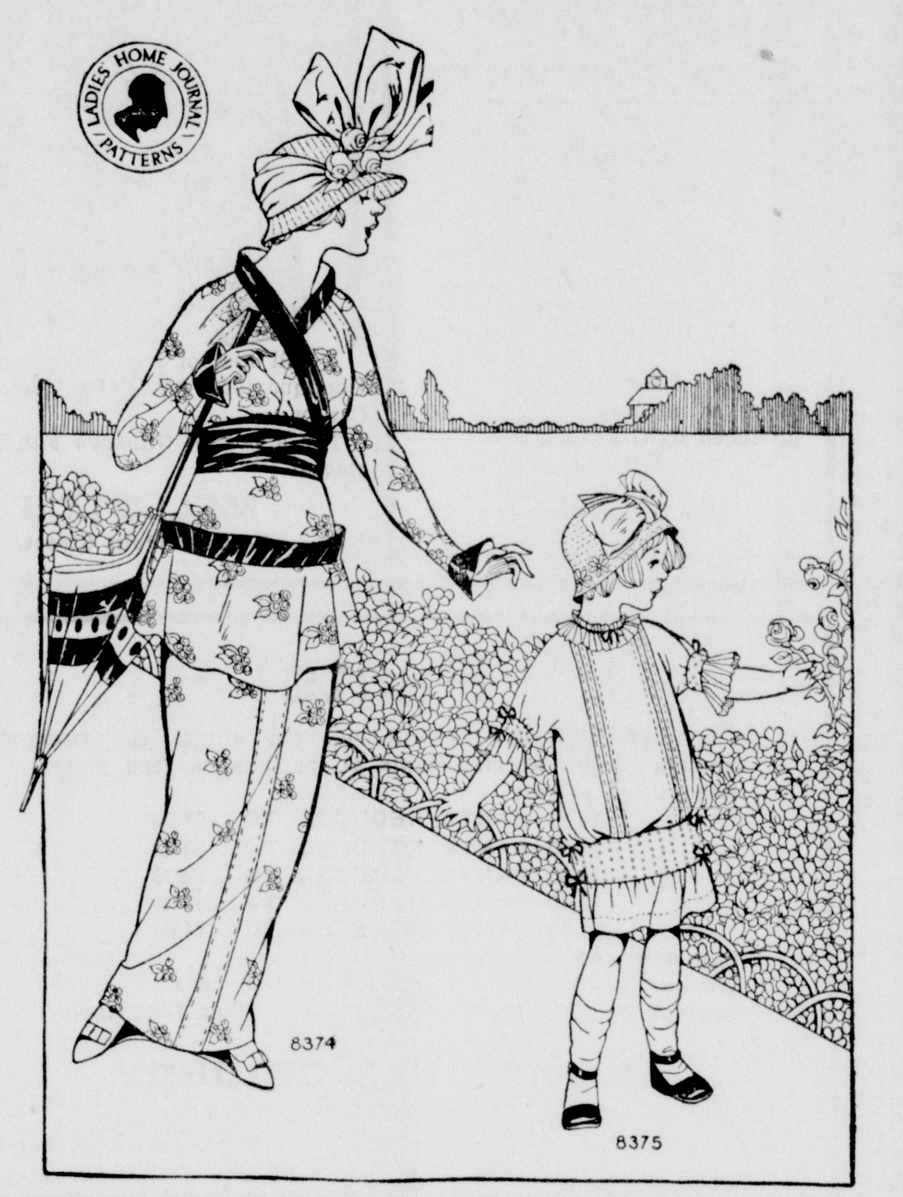
Columbus, July 24.—Three states lead Ohio in the number of automobiles, according to reports received by State Registrar J. A. Shearer, of the state automobile department. Close to 110,000 automobile licenses have been issued by the department so far this year, and it is expected that the total number for the year will reach 125,000. New York comes first in the number of automobiles, having thus far this year issued 150,451 licenses. Illinois is second with 116,100 and Pennsylvania third with 114,028. Ohio comes next. Indiana has issued 58,000 and New Jersey 49,567.

Massillon—The "city fathers" will take a two months' vacation this year instead of one as previously.

AMOLOX CURES SKIN DISEASES

Stops itching instantly, drives out all skin eruptions. Do not suffer unbearable torture of eczema and other skin diseases. Amolox is the prescription of a well-known doctor who has used it with remarkable success in his private practice and now for the first time is offered to all sufferers from eczema, tetter, psoriasis, ringworm, acne, pimples and all skin eruptions. Bolger & French and dealers everywhere sell Amolox on a guarantee to refund your money if it fails to give satisfaction. Just wash the skin with a few drops of this remarkable clean prescription; all itch and burning stops instantly. It softens and soothes the skin, so you can rest and sleep. Trial size 50 cents.

Published by the Amolox Laboratories, Youngstown, Ohio.



SHORT FLARING TUNICS STILL FAVORED

Skirts still display hip draperies of various sizes and lengths; there are short flaring tunics, many of them set on at yoke depth, others beginning at the waist, with panniers and puffs and various arrangements of ruffles. It is promised that the hem deep tunic will be very popular a little later in the season; some are being shown in the demi-tailored suits at the moment and are smart and becoming.

In this design, number 8374, is shown a young girl's dress developed in a flowered taffetas relieved by trimming bands and girdle of black. The bodice shows the flaring shoulder and Japanese collar and the skirt is trimmed with a short circular tunic headed by an odd trimming band. For a girl of eighteen, this frock requires 5½ yards of 36-inch material. A most attractive long waisted frock for the tiny person is shown in number 8375; it closes all the way down the back, has elbow sleeves and a deep fitted band which gives the effect of a wide belt. Plain white cotton voile is used here with the girdle of figured voile. Small black velvet bows are effective trimming.

To make this dress for a child of eight, 1¾ yards of 36-inch material is needed.

Voiles and taffetas are both wide; taffetas are priced from a $1.25 per yard and up; voile may be purchased from 75 cents a yard and up.

Number 8374 sizes 16, 17 and 18.
Number 8375 sizes 4 to 10.

Each pattern 15 cents.

To obtain either pattern illustrated fill out this coupon and enclose 15 cents in stamps or coin. Be sure to state number of pattern and size, measuring over the fullest part of the bust. Address Pattern Department, care of this paper.

PRESIDENT BEATEN IN SENATE BATTLE

Washington, July 24.—The first defeat President Wilson has received at the hands of congress was scored yesterday when he yielded and announced he would withdraw the nomination of Thomas D. Jones, of Chicago, for the federal reserve board.

Mr. Jones was the President's personal choice for the board. The President so announced several weeks ago in a letter to Senator Owen, chairman of the banking and currency committee. This letter was the signal for renewed efforts by senators opposing Jones.

Friends of the alministration made every effort to switch enough votes to confirm Jones. They were at least five short. The attacks on the President, on Jones and on the Democrats finally became so bitter that the Democratic leaders went to the White House and urged the President to give in.

The climax came Thursday morning when a group of senators, regarded as friendly to the administration in the fight, sent word to the President that if he forced them to vote they could not and would not support him and his candidate. Among these senators were Clarke, of Arkansas; Johnson, of Maine, and Shively, of Indiana. There were eight or nine others in the group—sufficient to convince even the President that the outlook was hopeless.

Injured in Runaway.

Leetonia, July 24.—Walter Nettroner, formerly of this place, was seriously injured in a runaway accident at his present home in Conway, Pa., recently. Mr. Nettroner, who is an engineer on the Pennsylvania lines, is married to Eva Aldridge, of Franklin Square. He is the son of Mr. and Mrs. John Nettroner, and was a resident of Leetonia for many years.

SMALL BEGINNINGS SHOW BIG RESULTS

Many great enterprises begin in small way. Many a sucessful advertiser has begun by using classified advertisements in a modest way. These brought good returns, which enabled the business to be developed, and eventually larger advertisements were profitably used. Intelligent use of the little ads in The Salem News either by advertiser or reader will prove profitable.

SOCIAL —and— PERSONAL

Boswell School Reunion.

Mrs. Lide Test and daughter, Miss Bertha, David Kirkbride, Mrs. Homer Kirkbride and daughter, Mildred, John Grove and daughter, Miss Eva, Mr. and Mrs. Joel Cobbs and family, Mr. and Mrs. William Cobbs and family, William Thomas and family, Lorin French and daughter, Mrs. John Hundertmarck, and S. E. Mackintosh and son, of this city, attended the annual reunion of the present and former teachers and pupils of Boswell school, which was held Thursday at Elder's grove, north of Garfield. The gathering was one of the merriest of the season when former friends greeted each other and renewed their acquaintances. Over 100 people partook of the sumptuous dinner provided at the noon hour. A program consisting of recitations, songs, a short address by Rev. Isaac Stratton, of East Goshen, and appropriate speeches by others in attendance was presented during the afternoon. In 1915 the next reunion will be held at Elder's grove.

Officers chosen to serve during the coming year are. President, S. E. Mackintosh, Salem; secretary, Mrs. Mable Crum, Damascus; treasurer, S. H. Armstrong, Goshen; executive committee, William Early, Beloit; Mrs. Jacob Taylor, Goshen; John Grove, Salem.

Mr. and Mrs. Joseph Shreve, of Iowa, were in the company.

—o—

Plan Moonlight Picnic.

Plans for the second moonlight picnic of the season, to be held Friday evening, July 31, at Centennial park, were made by the social committee of the Farther Light society of the Baptist church at a meeting Thursday evening at the home of Miss Mamie Detwiler, on McKinley avenue. The first occasion of the kind was held some weeks since at Pine Hollow, and the young ladies of the society and their husbands and gentlemen friends are anticipating an equally enjoyable occasion next Friday. A bakery to be held Saturday afternoon, August 1, at some place to be determined later, was also planned at this time.

Following the business meeting the members of the committee and their husbands and gentlemen friends enjoyed a social hour, with delightful refreshments. Those who participated in the combined business and social session were Mr. and Mrs. Arthur Jones, Mr. and Mrs. Charles Mundy, Misses Mamie and Clara Detwiler and Mary Bennett, Robert Vickers, Ray Hall and Deane Kintner.

—o—

Supper at Park.

The ladies of the Elite club enjoyed a pleasant social afternoon Thursday afternoon at Centennial park. At supper time they were joined by their husbands, and a picnic supper was partaken of. The company spent the evening at the home of Mr. and Mrs. Herbert Leonard, on Fair street, where cards and music furnished amusement. The next meeting will be held in three weeks at the home of Mrs. Raymond Rogers, East High street.

—o—

Picnic For Guests.

Miss Frances Hall, of Philadelphia, and Miss Bonnetta Clark and Herman Whinnery, of Cleveland, who are visiting in this city, were honored with a picnic given at Centennial park Thursday afternoon and evening which interested about 20 young people. The hours were merrily passed at playing tennis and having a good time generally. A pleasing feature was a picnic supper. Miss Florence West, of Perry, was in the company.

—o—

Miss Greenawalt Receives

One new member was welcomed into the club when the girls of the Napanee club were received by Miss Nora Greenawalt at her Woodland avenue home Thursday evening. Musical selections were offered during the evening and a happy social time resulted. Mrs. Fred Trotter has invited the girls to be her guests in two weeks.

—o—

Martha Washington Club.

Miss Florence West, of Perry, was a guest at a social assembly of the Martha Washington club members at the home of Mrs. W. L. Fults, on West High street, Thursday afternoon. In two weeks the ladies will be guests of Mrs. Leonard Crossley, at her home on North Howard street.

—o—

Miss Maeder Entertains.

Musical selections contributed to the delightful social time enjoyed by club associates of Miss Beatrice Maeder, to whom she proved a genial hostess at her Jennings avenue home Thursday evening. The out-of-town guests included Miss Anna Longbottom, of Franklin Square, and Miss Mary Burnett, of Cleveland.

—o—

Fisher-Halverstadt.

Announcement of the marriage, at Long, Beach Cal., of Charles F. Halverstadt, a former Leetonia boy, and Miss Bessie W. Fisher has just been made to relatives in this vicinity. They will be at home after August 1 at Pasadena City farm, Alhambra, Cal.

—o—

Dance At Country Club.

At the Country club Thursday evening an enjoyable dance was held, which interested about 25 couples. Music for the event was supplied by the Thomas orchestra. Miss Claire George, of Uhrichsville, was among the guests.

—o—

Mrs. Oyster Hostess.

The usual club pleasures afforded entertainment for the ladies of the Needlecraft club who met as guests of Mrs. John Oyster Thursday afternoon at her home on East High street. A splendid social time was enjoyed.

—o—

Mrs. Entriken Hostess.

Mrs. Amos Entriken proved a genial hostess to her associates of the Woodland Avenue club, whom she pleasantl entertained Friday afternoon, with Mrs. Warren Entriken as a special guest. The next meeting will be held in two weeks.

—o—

Modern Priscilla Club Gathered.

On Thursday afternoon the Modern Priscilla club members met at the home of Mrs. Joshua Leaf, on Perry street. The informal afternoon was devoted to varied diversions and a pleasant social time was enjoyed.

—o—

Dickens Club Meets.

Mrs. Robert Anderson delightfully entertained her associates of the Dickens club at her home on Lincoln avenue Thursday afternoon. The afternoon was spent in an enjoyable social manner.

—o—

At Walton Home.

Fancywork formed the entertainment of the afternoon at a social session of the Narcissus circle at which Mrs. Joseph Walton presided at her home on Garfield avenue Thursday afternoon. On Friday, August 7, the members will be received by Mrs. I. B. Taylor at her home on East High street.

—o—

Saturday Night Dance.

Invitations have been issued by the Foresters of America for a dance to be held at their home on Vine street Saturday evening. Music will be furnished by Gilson and Brickner's orchestra.

—o—

Mrs. Perry Dick and family, who have been visiting at the home of

Read Eckstein's ad on page 4, about pants reduced. 171r

SCHOOL PLANS

(Continued from First Page.)

public gatherings, class plays, commencement exercises, etc.

On either side of the main entrance other doors will lead into the two main corridors running east and west through the building, the one on the north giving access to four large class rooms ranged along the left, and that on the south to two class rooms and a large study room. Back of the auditorium, in the main building, are to be the board room, equipped with vault and other conveniences, a rest room, superintendent's office, reception room, toilets, etc.

From the foyer at the main entrance steps lead down into the gymnasium, and access to the basement floor is also gained through two other fights of steps adjoining the main corridors. The gym will be of ample capacity, with all sorts of physical equipment, including a large running track about its circumference, with lockers to right and left, and physical director's room, special exercise room and examination room in the rear, while still farther back will be engine and boiler room, fan room, etc.

The basement floor also accommodates the manual arts, with equipment on the north side for mechanical drawing, wood working, machine shop and forge room, and on the south for sewing room, dining room, cooking room and lunch room. These rooms, eight in all, will not only accommodate the high school pupils, but those of the seventh and eighth grades as well, who will at that time have been centrallized in the Fourth street building, and will come to the new high school building only for their manual arts work.

Ample daylight for the gymnasium will be furnished by large windows on the north and south sides and smaller ones in front, while the boiler and engine rooms and other accommodations in the one-story section in the rear will be equipped with skylights. One of the striking features of the whole building, in fact, is that it has been very fully provided with windows, so that ample lighting will be assured, without dependence save on extraordinary occasions on the modern electric lighting system which will be installed.

Mounting to the second floor the visitor will first find himself in the upper foyer, and go from there into the auditorium gallery. The two main corridors are duplicated on the second floor, leading on the north to chemistry, physics and lecture rooms, and on the south to bookkeeping, typewriting, shorthand and class rooms. At the rear are toilets, principal's room, reception and rest rooms.

As is already well understood, the building will be constructed of beautiful brick, wire cut, and trimmed in stone. It is to be of fireproof construction throughout, with modern direct-indirect heating system automatically controlled, and all other equipment which goes to make the up-to-date educational plant of the present day. The inner floors will be of maple, with oak woodwork. Rounded corners have been provided in corridors and other places whereever practicable. The building will be set with the compass, and not with Garfield avenue, which runs slightly west of north.

"Dustless" Vacuum Carpet Cleaner and SWEEPER

Worth $25 Price to introduce $8.10

Ballbearing Operated just like a carpet sweeper as illustrated, to which it is in every way superior. Easy to operate, practical and durable.

It is doing daily duty, in thousands of homes—housewives in all parts of the world are using its powerful suction to keep their homes free from dust.

Many housewives are really startled to see the amount of dirt it removes from carpets and rugs which look clean to them—which they thought were clean.

The "Dustless" Vacuum Cleaner requires no electricity, no hand pumping, you simply run it over the floor like a carpet sweeper and the turning of the wheels creates a vacuum which draws all the dust, dirt, germs, moths, etc., from on top and beneath carpets and rugs into a bag inside the sweeper. Thus you actually get rid of the dust instead of stirring it up to breathe or settle again.

With the broom woman fights dirt and dust which is breathed into the lungs and dust is the chief cause of lung disease, especially pneumonia and tuberculosis.

It is dangerous for a child to creep or play on a carpet or rug that is not Vacuum cleaned—because he is right down amongst the bugs and bacteria.

All disease has a cause. You can sidestep the cause and elude disease, if you keep your floors free from death-dealing bacteria and microbes by the use of our "Dustless" Vacuum Cleaner.

SPECIAL PRICE—FREE TRIAL—To any of the first 15 women in your city who send us $8.10 and the names and addresses of 10 housewives you believe would be interested in the purchase of our Vacuum Cleaner, we will ship one machine prepaid and allow you 15 DAYS FREE TRIAL. If the cleaner is not entirely satisfactory return it to us within 15 days at our expense and we will gladly refund your money.

Women and Men Agents make big money demonstrating and selling our line. Write for terms and territory.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS
Bears the Signature of
Chas. H. Fletcher.

READ THE WANT COLUMN.

$100 REWARD, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the diseases, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address:

Take Hall's Family Pills for constipation.

SIRLOIN STEAK at 50c BEFORE JANUARY FIRST.

New York, July 24.—That New York will be paying 50 cents a pound for the ordinary, every-day cuts of sirloin steak is the prediction of the Chicago beef barons.

The price of beef on the hoof has already established a record price, having passed the 10-cent mark. When it touches the 15-cent mark the downtrodden public will pay 50 cents a pound for it—and for the poorer grades of beef, at that.

Dealers in meats declare that the slaughtering of calves is undoubtedly the cause of the soaring in prices and that there seems to be no sign of a let-up.

Akron—While three children were playing with explosives the discharge was set off and all three children were killed. Many windows were broken in the neighborhood.

200 DRIVEN FROM HOMES BY BLAZE

Akron, O., July 24.—Fire, believed to have been caused by an explosion, destroyed the Davies Manufacturing company's plant here last night and drove more than 200 residents from their homes.

The loss will reach $10,000. A hundred persons escaped with their lives when flames from the plant driven by the wind set fire to houses near by and were saved by the work of every piece of fire fighting apparatus in the city.

Gas heated flat irons are manufactured by the company.

All workmen had left the plant half an hour before the fire started. They believe it was due to an explosion of gas used to test the irons.

After the blaze in the plant had been extinguished firemen fought for an hour to prevent its spread to houses which are thick near the plant. The company was burned out two years ago with a $12,000 loss.

GOVERNOR TO NAME TRUSTEES OF O.S.U.

Columbus, July 24.—Governor Cox will soon fill the vacancies on the board of trustees of the Ohio State University caused by the expiration of the term of Walter Sears, of Columbus, and the death of the late John T. Mack, of Sandusky, who was appointed on the board by McKinley when he was governor to fill a vacancy caused by the death of the late President Ruthford B. Hayes, who became a member of the board after retiring from the national presidency. John Cunningham, of Cleveland, editor of the Ohio Farmer, and "Alfalfa" Joe Wing, of Mechanicsburg, are being considered for one of the places.

CARTER'S
LITTLE
LIVER
PILLS

Drives Sallowness from the Skin

Ladies, imperfect complexion is caused by a sluggish liver. A few days treatment with CARTER'S LITTLE LIVER PILLS will do more to clean up the skin than all the beauty creams in creation.

Cures constipation, unclogs the liver, ends indigestion, biliousness and dizziness. Purely vegetable—never fail.

Small Pill, Small Dose, Small Price.

Successor to Hanna & Kridler. Both Phones No. 115.

SPORT BRIEFS

Edward T. Collins, the Philadelphia Americans' second baseman, has renewed his contract with the world's champions, "for a number of years." In making the announcement Connie Mack declined to state the length of time the contract is to run or its terms.

* * *

Tom Jones, of "bet-you-ten-thousand" fame, pulled away from San Francisco Wednesday. He's headed for New York, where he will embark for Europe. Tom has a hunch that Jack Johnson will consent to a match against Jess Willard, especially as the champion's proposed bout against Sam Langford seems to have fallen through. Jones thinks if he can't land Johnson he'll be able to pit Willard against Georges Carpentier in London or Paris.

Old Homestead Sold.

Lisbon, July 24.—The old Hazen homestead property in the village of Achor was sold Wednesday afternoon by the Hazen heirs to George B. Davidson, of East Palestine. The property contains 110 acres of fine farm land, and sold for $7,500. The property is the old home of Chadwick B. Hazen, whose death occurred over 29 years ago, and has been kept in the family ever since.

ORDINANCE No. 140,721-A.
To Fix the Salary of the Clerk of the Waterworks Department.

Be it ordained by the council of the city of Salem, state of Ohio:

SECTION 1—That the salary of the clerk of the waterworks department shall be sixty-five ($65.00) dollars per months, payable semi-monthly on the first and fifteenth day of each month.

SECTION 2—That all ordinances or parts of ordinances inconsistent herewith be repealed and this ordinance take effect from and after the first day of September, 1914.

Passed July 21, 1914.
CLAUD TAYLOR,
Attest. President of Council.
JAS. A. PROBERT, Clerk.
Approved July 22, 1914.
R. R. JOHNSON,
Mayor.

RESOLUTION No. 140,721-A.
Declaring it Necessary to Improve Evans Street, Between Union and Park Streets, by Constructing a Sanitary Sewer Therein Between the Points Aforesaid.

Whereas, the owners of a majority of the foot frontage of property on Evans street, between Union and Park streets, have petitioned council in writing for the improvement of said street between the point named, by constructing a sanitary sewer therein, now therefore,

Be it resolved by the council of the city of Salem, state of Ohio:

SECTION 1—That it is necessary to improve Evans street, from Union street to Park street by constructing a sanitary sewer therein to be made of sewer pipe.

SECTION 2—That the plans, specifications, estimates and profiles of the proposed improvement heretofore prepared by the City Engineer and now on file in the office of the department of public service be and the same are hereby approved and adopted.

SECTION 3—That the whole cost of said improvement, less 1-50 thereof, shall be assessed by the foot front upon the following described lots and lands, to-wit: All lots and lands bounding and abutting upon the proposed improvement which said lots and lands are hereby determined to be specially benefited by said improvement; and the cost of said improvement shall include the expense of the preliminary and other surveys, and of printing and publishing the notices, resolutions and ordinances required, and the serving of said notices, the cost of construction, together with interest on bonds issued in anticipation of the collection of deferred assessments, and all other necessary expenditures.

SECTION 4—That the assessments so to be levied shall be paid in five annual installments, with interest on deferred payments at not to exceed six per cent per annum, payable annually; provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance, in which case said cash assessments shall not include any item of interest upon bonds to be issued in anticipation of the collection of deferred installments of assessments.

SECTION 5—That bonds of the city of Salem shall be issued in anticipation of the collection of assessments by installments and in an amount equal thereto.

SECTION 6—That the remainder of the entire cost of said improvement, not specially assessed, including the cost of intersections, together with the cost of any real estate or interest therein, purchased or appropriated, shall be paid out of the general fund or by the issuance of bonds in the manner provided by law, to be hereafter determined.

SECTION 7—This resolution shall take effect and be in force from and after the earliest period allowed by law.

Passed July 21, 1914.

WANTED: A Bright Young Man

A long established and reputable house — 40 years in business — has an opening in this city for a resident representative. His time will be largely his own; the work is pleasant and agreeable; his profit averages more than 33⅓% on the business done, and previous experience is not essential. This is an ideal opportunity for a young man of good appearance, wide circle of acquaintance and a genuine desire to make good in a profitable field of work.

The earliest reply will receive first consideration.

TO PORTRAY PROGRESS OF LOCOMOTION IN OHIO

Columbus, July 24.—How road building and locomotives have progressed in Ohio will be portrayed in elaborate pageants every day during the Ohio state fair, August 30 to September 4. The pageants will constitute an innovation in Ohio fairs, and are expected to draw large crowds. Real Indians are to be used to represent the aboriginal means of transportation. But there will be a really further harking back, for an effort will be made to depict in some form the mound builders whom nobody knows very much about and whose portrayal will necessitate the free use of the imagination. Anyway the pageants will be interesting and pretentious things and they will contrast many other things, the tedious cutting of pathways through dense thickets to the modern smooth roadway, and they will demonstrate at one glance the tremendous step from the old prairie pack trains to the modern high powered automobiles.

TRY THE SALEM NEWS.

COURT NEWS

Lisbon, July 24.—Martha J. Hodgson, as administrator of the estate of the late Jonathan Chambers, of East Liverpool, has filed an action in the probate court naming Alice E. Scott and other heirs to the estate as defendants, in which she asks for permission to sell the property in the estate. The estate consists of three lots in the city, known as lots 5,200, 4,564 and 4,565, which have been appraised by the appraisers heretofore appointed by the court at $1,250. The case will be heard by Judge Farr within a short time.

L. M. Kyes, as administrator of the estate of the late George E. Cress, of East Palestine, wants to complete a contract entered into by the deceased for the sale of certain property, and in an action filed in the court asks permission to do so. Homer E. Cress is named as defendant to the action.

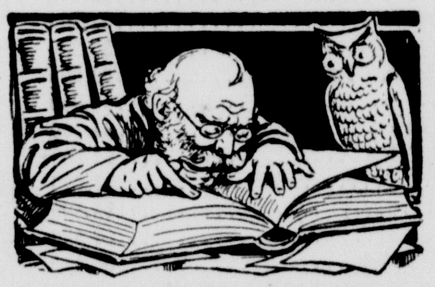
Lisbon, July 24.—The Moore Furniture company, of East Liverpool, has entered suit in the common pleas court against Maud McKenzie, in which they ask that judgment be given them for $989.75.

The amount claimed due is on a promisory note given in East Liverpool April 14th last, for the payment of furniture purchased by the defendant. A chattel mortgage was given on the furniture for the purpose of securing the payment of the note, and it is asked that this be foreclosed and the household goods held by Mrs. McKenzie be forced to sale.

Warren—Wednesday afternoon a man supposed to be Mr. Lowney, of Youngstown, was found dead on South Pine street. It was the opinion of the authorities that the man was overcome by the heat.

Blood Tonic Has Important Meaning

Puts the Right Sort of Vim Where Most Needed.



To tone the blood means to enable it to throw off accumulated impurities, to increase the red corpuscles and to put the blood-making organs into such active condition as to produce that conscious sensation of what we feel as health.

This is the logical effect of using the famous blood purifier, S. S. S.

Half the people you meet complain of weary muscles, stagnant brain, jangled nerves, and a wonderful desire to lay down and just quit. Most of these people have been using nervines that spasmodically flare up the nerves only to die down again, as die they must. Avoid nerve stimulants. Bear in mind that this worn-out feeling is due to poor blood, to bacteria in the water you drink; to the multiplying of destructive germs in the blood faster than they can be overcome by the white corpuscles; and to what is known as auto-toxemia, that condition where the venous or impure blood accumulates faster than it can be replaced by the red arterial blood.

S. S. S. has long been famous as a blood purifier, and its action by elimination of the irritating poisons that infest the blood, is one of the very important things to know.

You can get S. S. S. at any drug store, but take no other so-called blood purifier.

S. S. S. is purely a vegetable product, and you will make a great mistake to have some enthusiast palm off a mercury, arsenic or iodide of potash preparation that may do you irreparable harm.

S. S. S. is prepared by The Swift Specific Co., 533 Swift Bldg., Atlanta, Ga., and if you have any deep-seated or obstinate blood trouble, write to their Medical Dept. for free advice. It will be worth your while to do so.

$3,500,000 NOW IN CIRCULATION

One hundred and twenty-nine years ago the decimal system of money now used was adopted by the United seven years elapsed before the first step toward a national currency, but seven years elapsel before the first national mint was established. Up to this time the monetary system was in a chaoic condition. The actual money in circulation in this country consisted of foreign coins distributed in different sections according to the nativity of the settlers, or money coined by individuals or the colonies. In New England the English pound and shillings flourished; in New York there was the Dutch florin and thaler, the latter being the word from which our "dollar" is derived; in the Southern colonies the money of Spain and France were the melium of exchange, and everywhere the system of barter was in use. Wheat was legally authorized as the equivalent of coin in Massachussetts. Tobacco was accepted across the store counter in Virginia and Maryland. This was the condition when congress adopted the decimal system and the mint began to issue the first national currency. Paper money took its place in national currency during the Civil War.

Today there is $3,500,000,000 in coins and paper money circulating throughout the United States. Four great government mints and the largest money printing office in the world are in constant operation to supply the demand for money. Every year the mints alone are turning out a stream of wealth that is valued at $96,000,000 in gold coins and $10,000,000 in silver coins. More than 4,000 expert money makers are constantly engaged in making the greenbacks and other paper money. Ingenious coin presses in the mints manufacturing money more rapidly than the human heart beats; at top speed they produce about 110 coins per minute. Recently to meet the emergency demanded by the issue of the "buffalo" nickel the mints turned them out at the rate of 440,000 a day. This industry is so highly organized that the United States mints can make money more economically than any other in the world. Our mints are today making pesos and other coins for Mexico and several of the South American countries.

HEALTH EXHIBITS AT COUNTY FAIRS

Columbus, July 24.—Good health exhibits promise to be a feature at most of the county fairs that will be held in Ohio this summer and fall. Besides enjoying the popcorn and lemonade, the races and all of the other interesting things that feature most fairs, the visitors will be able to learn simultaneously how to care for his health. His lessons will be learned in a special tent where he will find the state of Ohio conducting a health show. The ordinary visitor will be surprised to find such a thing in a tent, but the state board of health has decided that this represents one of the easiest and best ways of reaching the people. The regular medical or health exhibit was found too large to be placed in a single tent, so the medical experts began cutting it down until they have reduced it to such a size that it fits an ordinary tent fairly well. The tent show will begin during the latter part of this month and will continue during the fall.

BROKEN BREAST.

From Arcade (N. Y.) Herald.

A young mother of twins, not five miles from Arcade has a broken breast. She sees the Herald, and no doubt has read about Brazilian Balm a hundred times in the past five years, yet she never thought to rub Balm on her "caked breast" the moment it started, and cure it over night. Now she is suffering the agony and torture of a broken breast. This young mother is being nursed by a good lady who knows all about Brazilian Balm, and how it subdues a swelling or boil or mumps or caked breast over night, and she never thought of it either. They went to all the trouble of poultices, hot pancakes, etc., without avail. The breast broke. Now they are using the Balm for a quick cure, and to prevent blood poison or lockjaw, but even if she gets over it in a month she will be scarred for life, and perhaps her breast ruined. And all this trouble might have been avoided and cured in a few hours if she had rubbed on the Balm (hot) any time before it matured.

LOCAL NEWS

Oll Folks Entertainment.

The "old folks" entertainment given Thursday evening by the members of the A. M. E. Z. church at the church was well attended and much enjoyed by those in attendance. The program given follows: Song by the chorus; lecture, "Woman's Rights," Mrs. Thomas; violin solo, Alfred Stratton, accompanied on the piano by Miss Emma Howard; reading, Mason Garner; recitation, Lenora Thomas; vocal solo, Mrs. Julia Cureton; recitation, Mrs. William Stratton; vocal solo, Mrs. Rose Lee; cornet solo, Mason Garner, accompanied on the piano by Miss Emma Howard; reading, Mrs. Maggie Ford; recitation, Mrs. Mamie Sutten; paper, Mrs. T. H. Turner.

Attending Tennis Match.

So far as known, Frank Cobourn, local tennis enthusiast, is the only player from this city who will attend the match to be played against the German team in the semi-finals for the Davis cup at the Allegheny Country club courts next Thursday, Friday and Saturday. The Australasian Davis Cup tennis team is now practicing at Chicago for its match against the Canadian team for the honor of playing the German team at Allegheny.

K. of C. To Play Leetonia.

Next Sunday the Salem K. of C. ball team will go to Leetonia where they will play the K. of C. team of that village at 3 o'clock. The Salem nine is much stronger this week with Patsch and Eskey for the battery and John Godwin as shortstop.

Selling Shoe Stock.

For the purpose of dissolving the partnership of McAllister & Carson, the Zimmerman Sales company of Erie, Pa., is conducting a sale of the firm's stock of shoes.

A Communion Service.

Communion service will be held at the Methodist church Sunday morning in connection with the regular service.

ENTER SALEM HORSES IN SEBRING MATINEE

Sebring, July 24.—The second matinee of the season was held at the driving park Wednesday afternoon. The racing was of a high order, track fast and attendance fair. The Driving club will hold the third matinee of the season on Wednesday afternoon, July 29, weather permitting. This will probably be one of the best matinees held by the Sebring Driving club as a number of horses from Salem and Alliance will be entered along with the local talent.

Mr. and Mrs. Frank Fronk attended the funeral of Mrs. D. W. Smith, at Alliance Thursday afternoon.

Have you read about the big sale at McAllister & Carson's?

Starts tomorrow morning at nine o'clock.

Get busy--get here and see Zimmerman's prices.

DEATHS

WILLIAM T. WRIGHT

(Continued from First Page.)

the city, and also working for himself. For some years past he had been on the police force as a special officer, and served for some time at the Grand opera house.

Mr. Wright was twice married. His first wife was Miss Abbie Dunlap, and to this union two sons were born, George, of Salem, and Orrie, of Cincinnati. Four children were born of his second marriage with Miss Maria Elizabeth McEldowney, namely, Frank, deceased, and Mary, Herbert and Benjamin, all of this city. One sister survives, Mrs. Cora Howard, of Chester, W. Va., and two grandchildren. The deceased was a member of Quaker City aerie No. 316, F. O. E.

The funeral service will be held at the late home, 213 Wilson street, at 2 o'clock Sunday afternoon in charge of Rev. W. L. Swan, of the Presbyterian church, with interment in Hope cemetery.

Mrs. J. M. Hole.

Mrs. Ellen Hole, wife of J. M. Hole, of Kensington, passed peacefully away in death at 9:10 o'clock Wednesday evening.

Last Friday evening Mrs. Hole was taken to the Huron Road hospital in Cleveland, where she underwent an operation for appendicitis, but hope that life could be spared was unavailing.

Mrs. Hole was the daughter of David and Julia Halderman, and was born at Augusta, June 27, 1860. Her marriage with Mr. Hole was solemnized December 20, 1882. She was a birthright member of the Friends church.

Surviving are the husband and one daughter, Mrs. Herman C. Cattell, of Alliance; three brothers, John L. Haldeman, of Kensington; Richard and Benjamin Haldeman, of East Rochester; one sister, Mrs. James Chambers, of Damascus, and a host of friends.

Funeral services was held in the First Friends' church in Alliance Friday afternoon.

T. F. Wellington Obituary.

Alliance, July 24.—T. F. Wellington, a retired shoe merchant, died early Thursday morning at the home of his sister, Mrs. Dennis Smeltz, 440 South Freedom avenue. The deceased was born at Guilford, O., December 17, 1840.

Mr. Wellington suffered two strokes previous to his death. He resided in Lisbon until a few months ago, when he came to this city to visit his sister. While here his condition grew gradually worse. During the past 12 weeks he has been confined to his bed.

The deceased was well and favorably known in the vicinity of Lisbon and Guilford. He is survived by the following brothers and sisters: Mrs. S. G. Blythe, Winona; Mrs. Ada Sharp, Peru, Ind.; R. A. Wellington, Houston, Texas; J. B. Wellington, Lisbon; Mrs. Dennis Smeltz, Alliance.

Funeral service will be held at the Smeltz home Sunday afternoon at 2 o'clock. Rev. James Kirkbride, of Columbiana, an old friend of the deceased, will conduct the services.

Tazetta C. Malmsberry.

Tazetta C. Malmsberry, widow of the late Rev. George B. Malmsberry, died at the home of her daughter, Mr. and Mrs. Walter Ellyson, one mile east of Damascus, Thursday afternoon at 1:30, after a long illness from a complication of diseases. She was born in Goshen township in 1842, and is survived by two children, Mrs. Walter Ellyson, of Damascus, and Arvine Malmsberry, of Goshen; also by one brother, Lewis Cattell, of Goshen, and two nephews, Charles and Herman Cattell, of Alliance.

She was a birthright member of the Goshen Friends' church, of which she remained a member until death. She was a valued church worker and humanitarian, and was beloved by a large circle of friends.

Funeral service will be held at the home Saturday at 1:30 after which the body will be taken to the Goshen Friends church, where a service will be held at 3:30. Rev. Isaac Stratton will officiate. Burial will be at East Goshen.

C. E. Voglesong.

Charles E. Voglesong, born and reared in Hanoverton, son of Rev. George and Ann S. Voglesong, died of paralysis, after a week's illness, in Elyria, July 17, aged 73, and was buried on Sunday in the Elyria cemetery. He is survived by a widow, two sons and two daughters, the youngest of whom is Clyde, a former attache of the U. S. navy.

Boston Funeral.

Funeral service for Frank Bosten, who died Wednesday morning, was held at the home of his mother, Mrs. Gertrude Boston, on East High street, at 10:30 Friday morning, Rev. M. J. Grable, pastor of the Christian church, officiated. The pallbearers were: Myron Barrett, Rollin Schwartz, Russell Courtney, Dr. Ralph Linn, Lester Smith and Harold Hise. Interment was in Hope cemetery. Among the out-of-town relatives and friends present were: Mr. and Mrs. Hoskins, of Nelson; Miss Celia Gailey and Mr. and Mrs. N. W. Bosten, of Cleveland, and Myron Barrett, of Youngstown.
